

QUALITY. INTEGRITY. INNOVATION.

Our goal is to facilitate a streamlined process in the healthcare construction & inspection industry. We pursue and align these goals with our Clients, Designers, OSHPD and Contractors through experience, expertise and innovation.

Highlights

Providence Holy Cross Medical Center recently completed the emergency installation of a new medical air compressor unit to help support the existing central supply systems. The scope entailed the addition of a new supplemental med air compressor and associated equipment.

SBS LABS

The healthcare construction industry can be very technical and it takes years of experience to accurately navigate through the process. We wanted to use this newsletter as not only reading about what SBS is up to, but also as a tool that can provide helpful information for you on your next OSHPD project. Here is this week's topic that we've experienced in the past and hopefully is beneficial to you:

Immediate Challenges: Ushering in a Post COVID-19 Mindset

Webinar Hosted by:
SDG&E EIC

Speakers/Panel:
John J. Schrenk
Regional Compliance Officer-SouthRegion, OSHPD

•
Joel Sanders
Compliance Officer-South Region, OSHPD

•
Frank Shadpour, PE
Principal, SC Engineers, Inc.

•
Tim Jacoby
Corporate V.P. Facilities Design &Construction, Scripps Health

•
Sandy Renshaw, PE, CCP, LEED AP
Principal Mechanical Engineer, Kaiser Permanente

**Thursday,
March 11, 2021**

**Time:
09:00 AM – 10:00 AM
30 Min. Presentation
30 Min. Q&A**

This interactive webinar addresses COVID-19 and Post-COVID-19 challenges with a panel of hospital experts. Discussion will include ways to reduce waste, accelerate delivery, and make hospitals safer.

Join Dan DeSantis for a webinar:

**Endothermic Wraps:
Thermal Protective Systems**

By the end of this webinar, you'll have a better understanding of the ever-evolving code requirements and modernization of building materials and how each has impacted the way we design and build in the 21st century. You will also understand:

- New code requirements of NFPA 1221 as it pertains to fire rated shaft enclosure.
- The events that lead to major landmark code changes as it pertains to fire rated shaft enclosures.
- Acceptable methods of shaft containment for critical electrical services.
- Fire-rated shaft enclosure for in building fuel oil piping systems.

UL tested and listed products designed specifically for the shaft enclosure of critical in building services.
